

Roundtable Meeting

on

PPP Policy, Guidelines, and Project Implementation

Venue: Center for Information Technology, Ehime University Johoku Campus

Date: Wednesday, September 7, 2011

Time: 15:00 – 17:00 local time

Moderator: Prof. Shigeru Morichi, a former JSCE president,
National Graduate Institute for Policy Studies

1. Background

PPP (Public-Private-Partnership) concept in infrastructure development has been introduced under the lack of the public financial resources in many countries. Each of them has its policy and guidelines about PPP project and may face issues and difficulties in PPP project implementation. The improvement of the policy and guidelines, and successful project implementation are the major challenges that they are facing.

2. Objectives

- 1) To learn various PPP policies and guidelines based on the questionnaires answered
- 2) To learn two- successful and unsuccessful/difficult- PPP projects of a country; the RTM presenters will explain the two projects with the reasons why they are implemented successfully and unsuccessfully.
- 3) To discuss the improvement of PPP project design and implementation

3. Preparations that RTM presenters are expected to do

- 1) PPP policy and guidelines; Appendix 1
- 2) Successful and unsuccessful project examples; Appendix 2
- 3) A Power Point presentation at the roundtable meeting

4. Agenda

- (1) Opening address by Mr. Takuro Yamamoto, JSCE President
- (2) Presentations by AOC societies in alphabetical order
- (3) Discussions and Conclusions
- (4) Closing
