JSCE 18\textsuperscript{th} International Summer Symposium consists of paper presentations, a half day workshop and site visit. The main objectives of the Symposium are to provide a platform for young engineers to examine technological advances and issues, to share their ideas and research projects, and to encourage them to find research partners and teams across languages and distance.

Place: Tohoku University, Sendai, Miyagi
Date: 7\textsuperscript{th} and 8\textsuperscript{th} September, 2016

Schedule (tentative):

**Workshop on**

**The “Miracle” of Kamaishi - The Solution that Achieved the Miracle**

The tsunami evacuation behavior of elementary and junior high school students during the Great East Japan Earthquake has been called the “Miracle of Kamaishi”. To achieve the miracle, there was the tsunami disaster preparation project.

In this workshop, (1) review the preparation project, and (2) analyze and discuss the reason why the project was done successfully and achieve it.

On the 2\textsuperscript{nd} day, site visit of reconstruction of tsunami damaged area is scheduled.

*This workshop is supported by Dr. Komatsuzaki, The University of Tokyo*

**How to Apply**

Please choose the ‘International Session’ in ‘Common Session (CS)’ to submit your paper.

**Paper submission deadline:** 5:00 p.m., 4\textsuperscript{th} April 2016

After you submit your paper(s), JSCE Int’l Activities Center will contact you.

**Inquiry:** International Activities Center, JSCE
