Japanese Students & Young Engineers & Foreign Students are welcomed !

Workshop on **When a Mega Disaster Strikes...**
- How would you respond if you were a mayor? -

This workshop provides participants with the same experience as mayors in Miyagi Prefecture gained in the workshop held for them half a year before the 2011 Great East Japan Earthquake. In this workshop, every participant acts as the mayor of a city damaged by a mega disaster. The participants discuss Common Operational Picture (COP) and Incident Action Plan (IAP); what situation should be in the city in a week. Each group makes a report of the goals and response policies of the city as a mayor in the end of workshop.

How to APPLY

Please register and submit your paper in English on the JSCE Annual Meeting website:

<http://committees.jsce.or.jp/zenkoku/> (in Japanese) **Submission system is in English now !**

Choose the "International Session" in "Common Session (CS)" to submit your paper.

Paper submission deadline: PM 5:00, April 1st, 2019

After you submit your paper(s), JSCE Int'l Activities Center will contact you.
