Workshop Overview

The purpose of this workshop is to analyze issues in groups using the examples of urban development and disaster prevention in Hokkaido, examine ideas from multiple perspectives, and propose optimal solutions. Participants will deepen their exchanges through discussions based on a general problem-solving framework.

Target Audience

- Civil engineering students
- Young professionals and early-career engineers
- Anyone interested in urban resilience and sustainable tourism

****The workshop will be held in English only. Don't worry – English proficiency is not required to participate. Just bring your curiosity and ideas!**

Instructors

Dr. Yoshiko Okada
Professor
Civil Engineering Program
College of Engineering
Shibaura Institute of Technology

Dr. Rumi Yatagawa
Professor
Civil Engineering Program
College of Engineering
Shibaura Institute of Technology

Dr. Michael HENRY
Professor
Civil Engineering Program
College of Engineering
Shibaura Institute of Technology

What You'll Gain

- ✓ Learn real-world civil engineering applications
- ✓ Gain experience in collaborative problem-solving
- ✓ Expand your network with peers and professionals
- ✓ Get inspired to tackle global infrastructure challenges

Networking Reception

We are going to hold a Networking Reception on 3 Sep (Thu) from 6:30 p.m. to 7:30 p.m., where you may engage with various participants while enjoying light meals, beverages, and alcohol; please note that a participation fee will be required (the amount is currently being finalized).

Venue : **Hokkai School of Commerce**
Building 2, 1st Floor, Multipurpose Lounge

 6-chome-10, Toyohira 6-jo, Toyohira-ku, Sapporo-shi, Hokkaido
