

**Prof. ISWANDI IMRAN**

**Structural Engineering Research Group**

**Faculty of Civil and Environmental Engineering, Bandung Institute of Technology**

CAREER: 2010 – Present: Professor in Structural Engineering, Fac. of Civil and Env. Eng., Institut Teknologi Bandung  
2012 – Present: Director of Engineering Center for Industry, Institut Teknologi Bandung  
2006 – 2013: Head of Structural Engineering Research Division, Fac. of Civil and Env. Eng., Institut Teknologi Bandung  
2003 – 2005: Secretary of Civil Eng. Department, Fac. of Civil and Env. Engineering, Institut Teknologi Bandung  
2002 – 2005: Vice Head of Lab. of Structure and Materials Dept of Civil Eng. - Institut Teknologi Bandung  
1994 - Present: Senior Researcher at Structural Bldg Research Group, Engineering Center for Industry, Institut Teknologi Bandung

**RESEARCH INTERESTS**

Concrete Materials and Structures

Earthquake Resistant Reinforced Concrete Structures

Corrosion and Durability of Concrete Structures

Plasticity in Reinforced Concrete Structures

Application of Fiber Reinforced Polymer in Concrete Structures

Structural Repair and Retrofit
